space that works

Scandinavia
Portfolio overview

Soft Seating

Camden

- A beautifully balanced and proportioned lounge chair with deep seat, encapsulating a classic mid-century British design.
- The Camden lounge chair creates a significant feeling of nostalgia through soft, tactile shapes and stunning finishes, resulting in a calming environment.
- Designed for both hospitality and workplace environments, it adapts effortlessly to a wide range of settings.
- Two frame options: Solid Oak frame and arms, available in Oak, Black and Wenge.
- Metal frame textured black, with solid oak arms in a choice of natural oak, black stained oak, or wenge stained oak.
- Engineered with webbed seat suspension for outstanding comfort and durability.
- Wide choice of fabric options.

Hygge

- A Scandinavian inspired soft seating collection, combining comfort, warmth and contemporary design.
- A distinctive oak veneer outer shell adds visual strength, balancing softness with a clear architectural presence.
- A gentle contoured design creates an enveloping soft chair experience, offering comfort and privacy within reception seating, breakout seating and relaxed office environments.
- High-back and low-back editions.
- Three base options:
 - Solid oak 4 leg base
 - 4-leg, broomstick base
 - Rocking base
- All surrounds & bases available in oak, black and wenge stained.
- Moulded seat for comfort and consistency of silhouette.

Kuppel

- A personal workspace booth designed to provide seclusion and focus.
- Kuppel's curvature provides both an acoustic shield and reduces visual distractions in an open plan space.
- The soft, circular shape invokes a sense of calm and seclusion.
- Promotes a prolonged dwell time, lending itself perfectly to the fast-paced modern workplace.
- Metal dome available in 5 core powder coated RAL colours as standard. Special colours available,
- Multiple upholstery options, 3 areas to bespoke, outer dome, inner dome, seat & back cushions.
- Soft Halo highlighting LED strip lighting monitored by PIR motion sensor.
- Ambidextrous writing/laptop tablet. Available in 12 MFC colours.
- Pixel power and charge point.

Leo

- Leo offers a residential style that meets commercial standards.
- An expansive modular system, Leo extends beyond a single seat and sofa configuration.
- A simple addition of a right hand / left hand and centre unit now allows the product to flex and create a multitude of settings and applications.
- From compact corners to more ambitious settings – L-shape configurations - banquette seating – expansive possibilities.
- Exceptional comfort - sprung seating provides a sense of structure and support.
- Removable feather-filled arm cushions introduce a softer, more tactile dimension.
- Coordinating coffee table with oak, black, or wenge stained top.

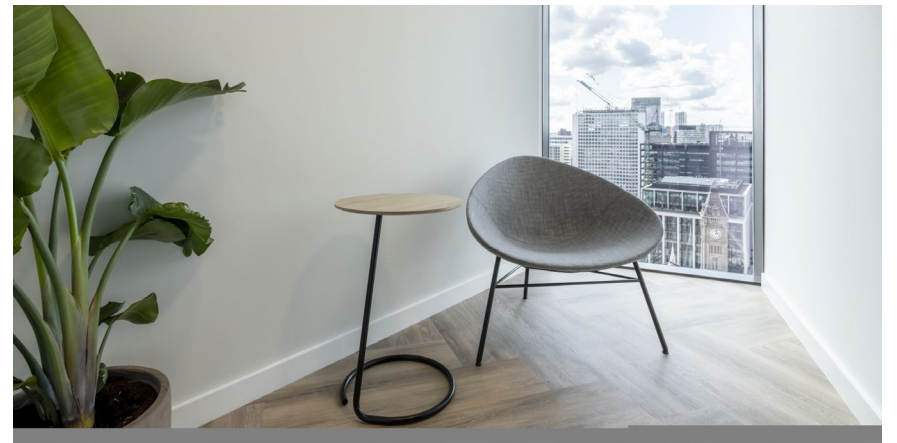

Oko

- Designed by Milanese duo LucidiPevere, Oko is a swaddling, nest-like seat.
- Inspired from the gentle curves of a cocoon, inviting users to settle in and relax.
- Every detail is intentional, from the chair's balanced cylindrical proportions to the gentle, luxurious wrinkles in the backrest.
- Compact, balanced proportions with a premium contemporary aesthetic.
- Thoughtfully designed for modern environments, Oko brings a welcoming, residential feel to lobbies, lounges, hotels, corporate suites, and hospitality settings.
- Fully upholstered or part upholstered.
- Ply back shell, available in natural oak, black stained oak, or wenge stained oak.
- Fixed or 360° swivel base.
- FSC plywood inner core.
- To uphold the silhouette of the Oko chair, we recommend selecting from the curated selection of fabrics.

Chelsea Chairs

- A minimalist and striking lounge chair.
- A unique deep seat for maximum relaxation and comfort. High level of comfort with moulded foam seat.
- Upholstered with beautiful fabric movement detailing to create a warm and inviting seat.
- Ideal for lounges, reception areas, hospitality and collaborative zones.
- High strength tubular frame, bulbous shell, and leg detail make Chelsea a striking statement chair.
- Unique soft upholstered design.
- Textured 3-leg metal base.
- Available in a range of fabrics in a luxurious and warming colour palette.
- Complementing coffee & side tables.

Dixi

- A striking statement seating & table collection with a whimsical modern aesthetic.
- The high-back chair offers all-around privacy, whilst the winged back design provides a secluded, reduced noise environment without affecting the user's visual privacy.
- Three seat designs:
 - High-back, wing-back & low-back.
- Three based options:
 - 4-star swivel base, 4-leg wooden base, cage base.
 - Fixed or swivel base options.
- Moulded seat for comfort and consistency of silhouette.
- Available in a wide variety of fabric and vinyl. Dual upholstery available.
- Complementing coffee tables available as part of the Dixi range.

Muse

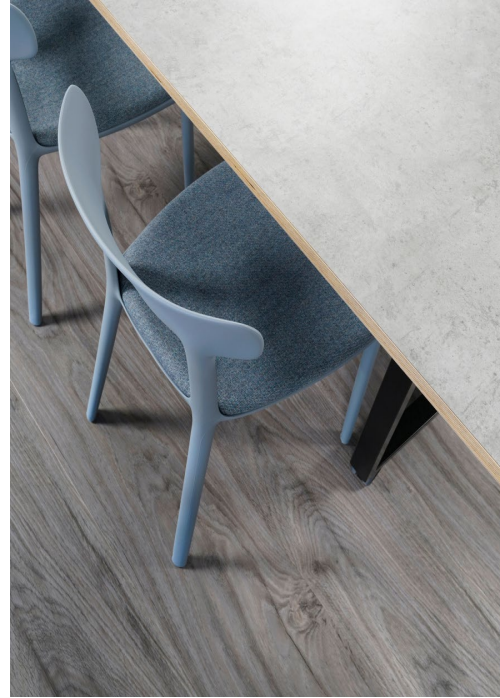

- A statement seat – a personal harbour – with partial acoustic properties for enhanced privacy.
- Generous proportions for a 1-seater chair, Muse lends itself to a multitude of work, relaxation and privacy moments.
- An alternative sell versus a fully enclosed phone booth.
- A perfect place of refuge in public areas including open plan offices, airport lounges, waiting areas and hotel lobbies.
- Wood or Metal frame and base options.
- Matte black metal finish. Solid oak 4-leg base - available in natural oak, black stained oak or wenge stained oak.
- Optional writing tablet available with black or white work surface.
- Available in a wide range of fabrics. Dual upholstery available.

Work Café

Canova

- A contemporary monobloc work café chair collection with an upholstered seat.
- Ideal for breakout spaces or canteen environments.
- Suitable for indoor or outdoor use.*
- Moulded polypropylene backrest and seat.
- Removable seat cushion for reupholstery.
- 8 colour options: anthracite, cream, cipria, titanium grey, reed grey, masala red, mustard and tobacco.
- Available in a wide range of fabrics and vinyls.

*Should not be left outside permanently. Weather permitting.

Luna

- A distinctive and curvaceous collection of meeting chairs, for use in work café areas.
- Base options:
 - 4-leg aluminium base
 - Wire aluminium base,
 - Rocker base.
- Polypropylene shells available in 7 colour options: Black, anthracite, white, sandstone, powder blue, reed green & peach.

Collaborative

Terrain

- Just as terrain shapes the physical world, Terrain reshapes the topography of interior spaces.
- Simplicity in specification and versatility in application. Just four core modules create multitude of possibilities.
- Endless configuration options - giving users the power to configure, reconfigure, and redefine their environment.
- Materiality: core inner made up of plywood seats made of Bio-Pur foam - offering up to 75% carbon reduction when measured against fossil-based chemicals.
- Fixing method – via a pierce-less clip fixing system, making it truly reconfigurable.
- Dual upholstery available – seat & back.
- Highly customisable with fabrics, stitching details and contract piping as a special option.
- Three complimentary table options.

Harp

- Harp acts as a space divider and an enclave without obstructing visibility or creating a permanent wall structure.
- Soft tactile separation - defining territories but remaining light permeable, unlike a wall which creates divides.
- Freestanding product, no structural fittings to floor or ceiling.
- Available to configure as an individual workspace or in a multi-zone format, Harp can be designed in a near infinite number of ways to create a multitude of settings and space division solutions.
- Two frame widths – 750mm and 1,000mm
- Two frame heights – 1,800mm and 2,400mm
- Curved frame options available for more organic shapes.
- Steel frames customisable in five powder coated RAL colours.
- Bungee cords customisable in six colours.
- Accessories include planters, shelves, lockers, whiteboards, PET walls, magnetic, AV units and lockers.

Tryst Booths

- An extensive product family designed to support the full spectrum of workplace activities, from individual focus settings to collaborative arrangements. 30 distinct products exist within the Tryst family.
- Exceptional comfort and quality, widely regarded as one of the most comfortable booth solutions on the market.
- 2-, 4- & 6-seater booths.
- High and low-back surround options.
- Engineered with a steel underframe and hardwood subframe.
- CMHR foam and sprung seat bases as standard for superior comfort and long-term performance.
- Open-ended version is DDA compliant, improving accessibility for users with physical disabilities.
- Available with polished aluminium, black metal or solid oak legs.
- Work surfaces available in a multitude of finishes, including premium reverse chamfered edges.
- Integrated power and data solutions including cable management.
- Wide selection of fabrics, dual upholstery available.
- Curved exterior panels available on select models.

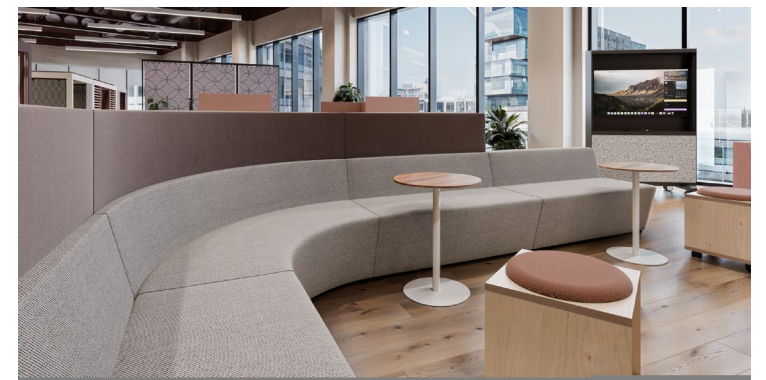

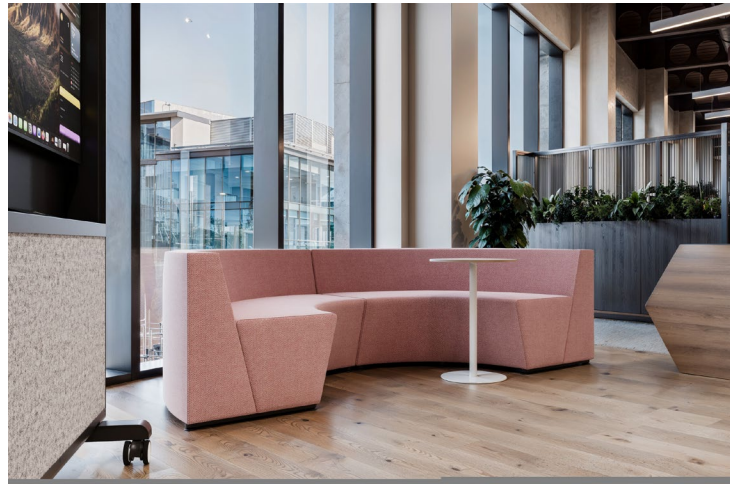

Tryst Sofas

- An extensive product family designed to support the full spectrum of workplace activities, from individual focus settings to collaborative arrangements. 30 distinct products exist within the Tryst family.
- Exceptional comfort and quality, widely regarded as one of the most comfortable seating solutions on the market.

- L-shape sofa configurations.
- Console booths with integrated tables and lights.
- Castors available on 1-, 2- and 3-seater sofas.
- High and low-back surround options.
- Engineered with a steel underframe and hardwood subframe.
- CMHR foam and sprung seat bases as standard for superior comfort and long-term performance.
- Available with polished aluminium, black metal or solid oak legs also offered.
- Work surfaces available in multitude of finishes, including premium reverse chamfered edges.
- Integrated power and data solutions including cable management.
- Wide selection of fabrics, with dual upholstery available

Clique

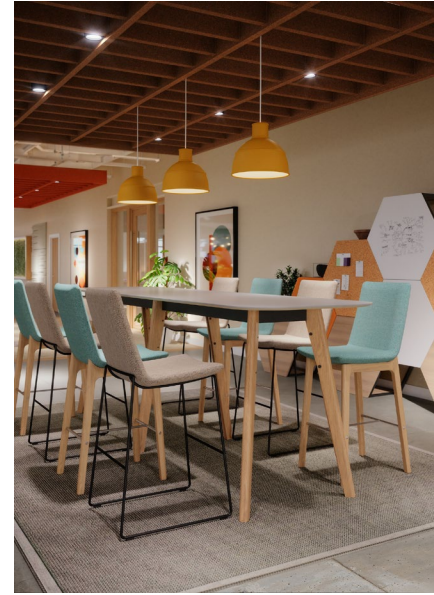

- A dynamic modular furniture system with the ability to facilitate a multitude of spaces and settings.
- A high-density furniture option offering a way to comfortably accommodate many people in a small space.
- Flexibility through different shapes and sizes of units.
- Possibility of combining diner and bar height.
- Clique auditorium configuration serves as an ideal solution to bring multiple people into one camera on a virtual meeting.
- Reconfigurable and available to be supplemented with individual parts.
- 90-degree, banquette, huddle, meet, present and touchdown configurations.
- Integrated power options.
- Complementing free-standing tables.
- Wide selection of fabric choices for customisation.

Tables

Plenti

- Plenti shares a similar design language to the Centro range, but Plenti is intentionally more slender and cost-effective.
- Plenti can scale up to 7 metres in length.
- A highly versatile solution, suitable for meeting rooms, work cafés, individual workstations, and collaborative environments.
- Available to configure in a huge number of sizes:
- 9 width options from 800mm – 1,600mm (+100mm-increments).
- 36 length options from 800mm – 7,000mm (+200mm increments).
- Diner and poseur table heights.
- Leg options: natural ash, oak stained ash & black stained ash.

Chelsea Tables

- A striking pair of nesting tables.
- Chelsea tables suite with the Chelsea lounge chair.
- Ideal for lounges, reception areas, hospitality collaborative zones, and resting spots.
- 3-leg metal base available in textured black.
- Two size options:
 - Side table
 - Coffee table
- Tabletop available in 12 MFC finishes.
