# Making space that works

We design and manufacture innovative commercial furniture that adapts to the ever-changing ways in which people effectively work and learn. Allowing you to create space that works harder, smarter and altogether better.

After all, we know that space is a critical asset. The way it's defined influences physical and emotional attitude, creates culture and affects the productivity of those within it. Exactly why we build this philosophy into all of our thinking and all of our products.

Our insight into the needs of modern commercial, educational and public-sector environments gives us an understanding of their evolving working practices. We've identified these as Collaborating, Focusing, Meeting and Socialising. These four cornerstones interpret how people work together, seek sanctuary, access technology and share ideas.

And by understanding how people work, we can create the space that works around them.

Take a look through our portfolio and you'll find a collection of dynamic furniture solutions that are agile, intuitive and support the working practices for all sorts of environments from complex office settings to large-scale education projects and everything inbetween.

We love what we do and we love a challenge, so if you need help creating a more effective and productive workspace – a space that works, get in touch.

See our website, [connection.uk.com](https://connection.uk.com) for inspiration, the latest information and downloadable resources.

# Collaborative

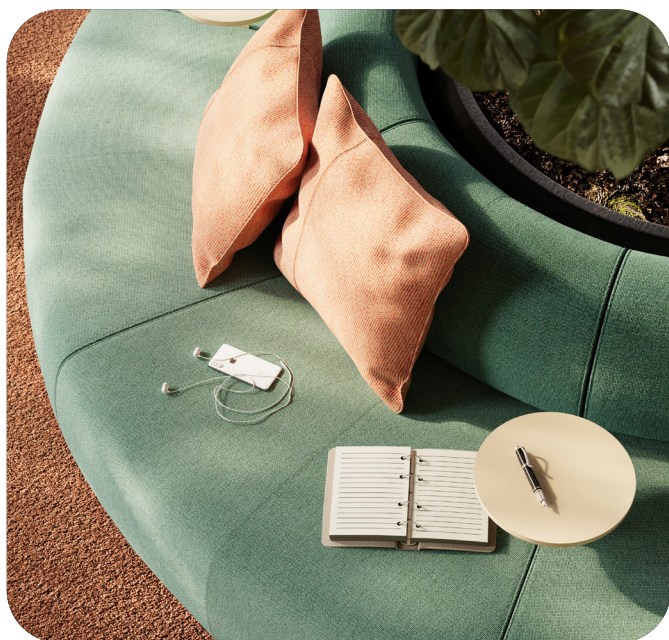

Terrain

Design by Studio Webb.

# Terrain

A modular seating system that shapes the topography of space with intention - flexible, sculptural and designed for evolving interiors.

To uphold the silhouette of the Terrain range, we recommend selecting from the curated selection of fabrics:

- Camira - Mainline Flax, Blazer, Mainline Twist, Sumi, Synergy, Monochrome Sett, reSKU, Yoredale, Revolution, Snug.
- Gabriel - Cura.
- Kvadrat - Re-wool, Remix 3, Canvas 2, Hallingdal 65 C5, Steelcut Trio 3, Twill Weave.

# Harp

Design by Incognito.

# Harp

Available to configure as an individual workspace or a multi-zone format, Harp can be designed in an infinite number of ways to create a multitude of settings and space division solutions.

**Please note:**

For standalone straight module installations, the use of **double bases** is recommended to provide maximum structural stability, where spatial constraints allow.

Where a **single-sided straight run module** is specified, the system must be **counterbalanced** through the integration of approved accessories. A counterbalancing ratio of **4:1** is required, meaning **one accessory must be installed for every four frames** within the straight run.

**Approved counterbalancing accessories:** planters, cupboards, lockers, shelving units.

Failure to comply with these requirements may result in reduced system stability.

## Configuration guide

1

2

3

4

5

### STEP 1: Build base frame

Select your frame size and style

Please note: All frames are available in two height options **1,800mm** and **2,400mm**

#### Straight frames

Single Sided  
Frames

W: 750mm  
D: 350mm

W: 1,000mm  
D: 350mm

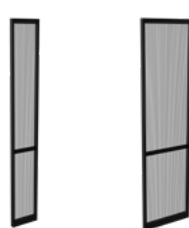

Double Sided  
Frames

W: 750mm  
D: 650mm

W: 1,000mm  
D: 650mm

End Panel  
Frames

Single End  
W: 750mm

Double End  
W: 1,000mm

Cross  
Frames

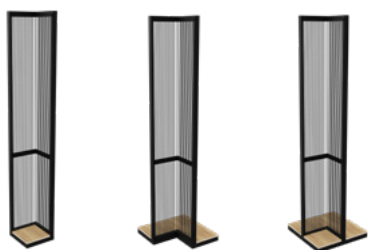

W: 650mm  
D: 650mm

High T  
Section  
Frame

W: 650mm  
D: 350mm

Corner  
Frames

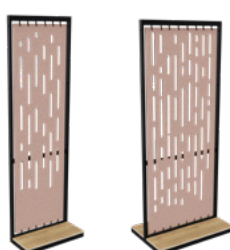

Single Inner  
D: 350mm

Single  
D: 650mm

Double  
D: 650mm

Perforated PET Frames

Single  
W: 750mm  
D: 350mm

Double  
W: 1,000mm  
D: 650mm

Etched PET  
Frames

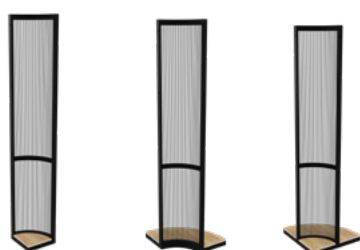

Single  
W: 750mm  
D: 350mm

Double  
W: 1,000mm  
D: 650mm

#### Curved frames

Curved  
Corner Frames

Single Inner  
D: 350mm

Single  
D: 650mm

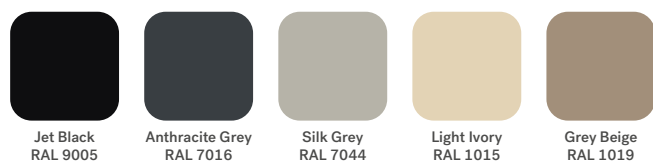

Double  
D: 650mm

## Configuration guide

### STEP 2: Select your metal RAL finish

# Harp

## Configuration guide

### STEP 3: Add bungee or acoustic panel

Select your bungee cord colour or acoustic panel design and colour

#### Bungees

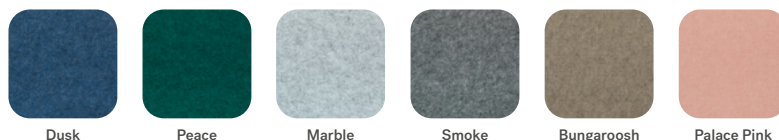

#### Perforated PET Panels

Select your design and panel colour

##### 1. Panel design

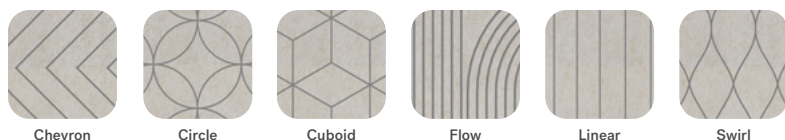

##### 2. Panel colour

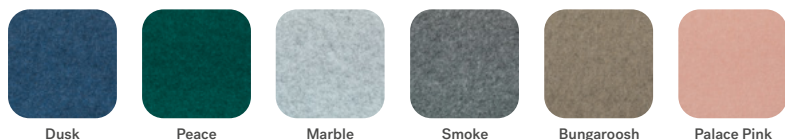

#### Etched PET panels

Select your design, base board colour and fabric colour

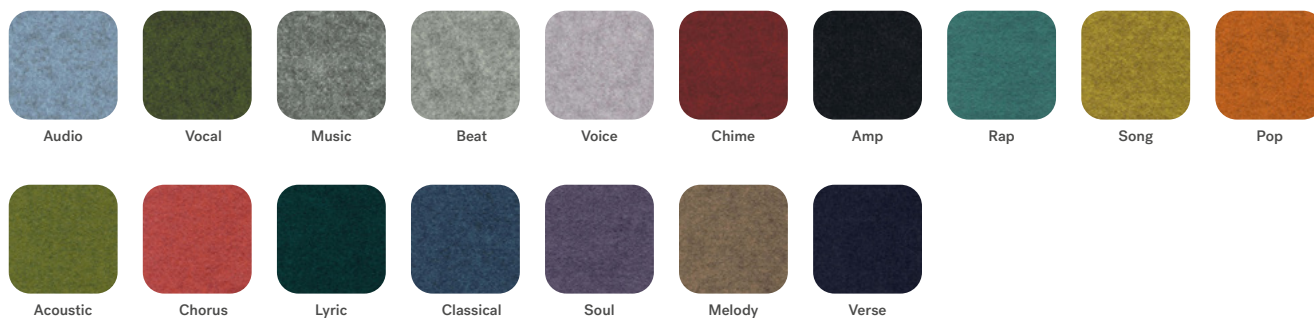

##### 1. Panel design

##### 2. Base board colour

##### 3. Fabric colour (Camira Sonus range)

# Harp

## Configuration guide

### STEP 4: Add timber finish

#### Egger 18mm MFC Finishes

# Harp

## Configuration guide

### STEP 5: Add accessories

#### Straight shelves

W: 750mm

W: 1,000mm

#### Curved shelves

W: 382mm

W: 916mm

#### Curved end base

W: 650mm

#### Planters

W: 750mm

W: 1,000mm

#### Cupboards

W: 750mm

W: 1,000mm

#### 2 door lockers

W: 750mm

W: 1,000mm

#### 4 door lockers

W: 750mm

W: 1,000mm

#### Shelving Units

W: 750mm

W: 1,000mm

#### Media units

W: 1,000mm

Holds up to 28" monitor screen

#### Whiteboards

Available in:  
W: 750 x H: 1,000mm  
W: 750 x H: 2,000mm  
W: 1,500 x H: 1,000mm  
W: 1,000 x H: 2,000mm  
W: 1,000 x H: 1,000mm  
W: 2,000 x H: 1,000mm

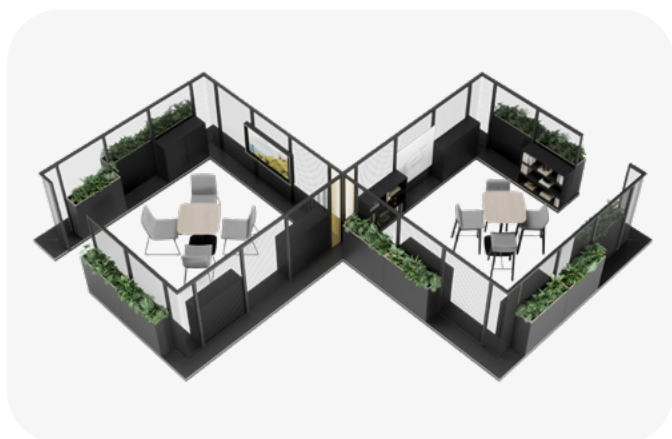

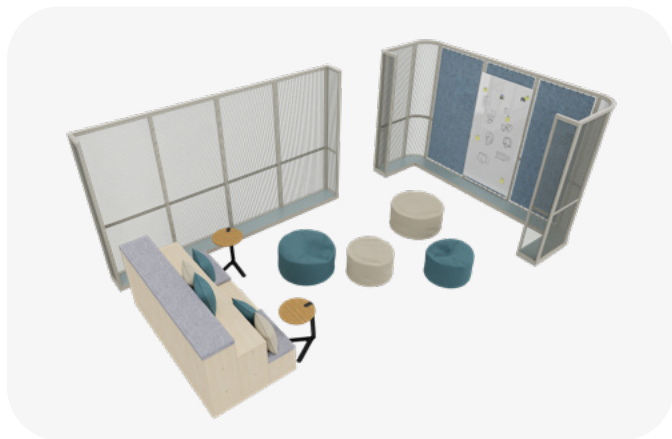

#### Magnetic whiteboards

Available in:  
W: 750 x H: 1,000mm  
W: 750 x H: 2,000mm  
W: 1,500 x H: 1,000mm  
W: 1,000 x H: 2,000mm  
W: 1,000 x H: 1,000mm  
W: 2,000 x H: 1,000mm

# Soft Seating

Oko

Design by Lucidi Pevere.

# Oko

An elegant lounge chair inspired by the curves of a cocoon.

To uphold the silhouette of the Oko chair, we recommend selecting from the curated selection of fabrics:

- Kvadrat – Elle, Safire, Ecriture, Moss.
- Camira – Snug, Yoredale.
- Warwick – Plush.
- Panaz – Elkie

### Power Key

  
UK fused power socket

  
European fused power socket

  
Dual USB charger

  
CAT 6 unshielded data socket

  
HDMI

Each power unit comes with a 5m power cable and a single country specific plug. If data units are selected each data socket is 3m. It may be possible to consolidate all of the power units to run from a single power cable. Please contact customer services.

# Terms & conditions

# Ordering guidelines

## Pricing

Prices are valid from 1st August 2026

## Terms of payment

30 days net or according to agreement. Late payment interest will be charged after the due date at a rate of 10%. Goods sold remain the seller's property until paid for in full. We reserve the right to carry out a free credit assessment.

Any collection costs incurred will be charged.

## Acknowledgement of orders

All orders will be acknowledged. Please check acknowledgements and contact customer services as soon as possible if there are any amendments to your order. Connection cannot be held responsible for customer error or omissions. Once an order acknowledgement has been sent, the order will go into production. Any amendments received after this date may be chargeable.

On receipt of a clean order, an order acknowledgement will be issued within 48 hours. Should further information be required to place your order, you will be contacted within 24 hours of the enquiry being received. We will clearly indicate the information that is required for the order to be placed.

## Ordering procedure

For orders email: [info-dk@flokk.com](mailto:info-dk@flokk.com).

Submitted orders must contain complete information, including delivery method, delivery address, and contact details for delivery. For orders including a drawing, the drawing is regarded as the basis for the order and must be complete. The drawing will also serve as the basis for upholstery descriptions. Connection takes no responsibility for any errors in drawings submitted by the customer.

Orders must be placed in writing and include the following specifications:

- Product/model
- Number of products
- Fabric/leather and colour code
- Plastic colour for products with plastic details
- Metal colour for metal parts
- Type of castors/glides
- Options, i.e. armrests, linking device, etc
- Desired delivery date
- Delivery address
- Project no. (if any)

Please make all orders as clear as possible as this will enable us to provide more efficient delivery. If something is unclear, please do not hesitate to contact Customer Service.

## Delivery lead times

**Standard products:** Our standard lead time is 6-8 weeks (plus delivery in normal trading circumstances), from receipt of a clean order. The lead time will depend on a number of factors including fabric choice and size of order. We recommend that you state a required delivery date on your purchase order.

**Special products:** Lead times for special options are between 8 and 10 weeks, depending on the nature of the special request. Should an order include both standard and special product, the lead time on all products will default to the longest lead time.

Please contact our customer services team or your sales manager for current lead time information.

Once an order is received, Connection will provide an acknowledgement containing a week-ending delivery date. Please note that if the dates on your order acknowledgement do not meet your expectation, you should always contact the customer services team who are happy to explore potential ways to reschedule or improve the dates.

Delivery is in addition to the lead times above and lead times begin once the order acknowledgement is issued.

# Ordering guidelines

## **Specification**

All dimensions and weights are approximate; whilst every care is taken to ensure their accuracy, Connection cannot be held responsible for errors. Connection reserves the right to make, without notice, any changes to materials, specifications or design of the products which it considers to be reasonable or desirable. Such changes shall not affect the validity of the contract. Connection reserves the right to amend or change the pricing structure within this publication. Our website has our full policies on guarantee, delivery, continuity of supply and our customer service charter.

## **Fabric specification**

All products manufactured by Connection are upholstered and assembled to the highest standard. However, due to the characteristics and performance of certain fabrics the final appearance and finish on the product may be adversely affected by the fabric specified. Where a material is specified for a product which may have properties that do not meet the necessary requirements, our customer service team will contact you, advising you of any issues. If you decide to proceed with the chosen fabric, then Connection cannot be held responsible for issues relating directly to the material.

Whilst every effort is made to ensure parity of colour on our fabric finishes, the company cannot guarantee an exact match on any fabric.

Where a customer is supplying their own fabric, and the fabric does not appear in the Connection fabric matrix the following shall apply:

- DKK 1.545 patterning charge to cover creating templates
- A quantity of fabric must be supplied to Connection to facilitate creating new templates - 5m per soft seating product; 2m per task/meeting product. For larger sofas a greater quantity may be required. This fabric will be used in the templating/design process
- Once the fabric is approved, the order will be processed on standard lead time (starting from the date of approval)
- In the event that the fabric is deemed unsuitable for the requested product, the patterning charge will be refundable

# Delivery & returns

## Delivery schedules

All standard Connection deliveries are made on tailgated vehicles to the designated warehouse of the customer. The standard delivery service operates Monday to Friday, with deliveries to a customer's warehouse between 08.00 - 16.00.

## Change of orders

Amended orders (all changes & cancellations) taking place 2 days after receiving the order acknowledgement will incur a charge.

- Amended order (all changes & cancellations) before production start will incur a charge of 500 DKK per order
- Amended order & cancellations after purchasing has started will incur a charge of 750 DKK per order + cost of materials
- Change of orders within the quick-ship collection is not possible.
- For further information regarding change of orders please contact Customer Service.

## Direct deliveries

Shipping fee of 5% of the net order value (min. DKK 250) is added on all orders, which is not delivered to addresses used or owned by the distributor.

## Installation

All our deliveries are based on a tailgate service, with unloading to the rear of the vehicle.

## Order postponement

Postponement of confirmed orders might be possible for orders above 50.000 DKK, but Flokk will raise eventually charges to cover for storage and handling of the products on order. Postponement is not possible for orders below a value of DKK 50.000.

## Checking the delivery

All items must be individually counted. Our logistics partner will not accept any signatures marked "UNCHECKED". Please verify the number of items received with the number shown on the delivery document which you are required to sign. You must only sign for the actual number of items received, any discrepancies to the advised quantities must be written on the delivery documentation. Neither our logistics provider nor ourselves will be held responsible for any shortages found after the delivery paperwork has been signed.

## Damaged goods

Visible transport damage and discrepancies in the number of items received must always be noted on the bill of carriage at the time of receipt and reported to the carrier and Flokk within 7 calendar days after receipt of the goods.

Invisible damage (not damaged packaging) must be reported in writing to Flokk within 7 calendar days after receipt of the goods. For claims and transport damage you need to take photos and document the damage, before reporting it in writing to Flokk.

Please document:

- Photo of Flokk product label (including order no.)
- Photo of damaged product goods
- Photo of damaged packaging (transport)
- Copy of transport document or invoice
- Short description of claim

## Returns

No allowances will be made for packing and handling charges on furniture being returned to us. We will accept no merchandise returned to us for credit. If the merchandise is defective and the return is authorised, we will replace the items involved.

# Guarantee

## Warranty statement

The company warranties are valid only on standard product for a period of five years; this period may be increased, subject to which products, and will need to be confirmed in writing. The warranty is subject to the following:

### A) What Is covered

- When full payment has been received for the goods.
- Products used in a single 8-hour shift in an office, or appropriate environment.
- Structural and moving parts under fit-for-purpose use and service, and where the product has been used for the purpose it was designed for.

### B) What Is not covered

- Normal wear and tear.
- Failure to apply, install, reconfigure or maintain the product in the appropriate way and/or failure to follow Connection's installation instructions.
- The product has been used for the purpose which it has been designed and has not been subject to misuse, unauthorised repair, replacement, modification or alteration in any way.
- Natural variations in wood grain or the presence of character marks. Changes in surface finishes, including colourfastness due to ageing or due to exposure to light.
- Products considered by Connection to be consumables (e.g. batteries, lamps etc.)
- Fabric and electrical components (see 2 and 3).
- Connection does not warrant products that are exposed to extreme environmental conditions or have been subject to improper storage.
- Connection does not warrant any products that have been subjected to incorrect cleaning methods and where the user has not followed the manufacturer's instructions.

## Fabric

Fabric quality and performance is not covered by Connection's warranty when specified by our customers or a designer; any claims arising from defective fabric would sit with the manufacturer of the fabric. Connection will facilitate dialogue with the manufacturer and assist in any genuine claim, but in no way accepts liability. However, in the case of COM, the customer will be required to take full responsibility and Connection will not enter into any communication regarding faulty fabric.

## Electrical components

Connection does not cover any electrical components installed in its furniture; any such claim will be directed to the manufacturer. Connection will facilitate dialogue with the manufacturer and assist in any genuine claim but in no way accepts liability. All installations of electrical components in Connection products, unless carried out by an approved engineer, will be the responsibility of the customer who will also be responsible for all testing.

## Procedure for making a warranty claim

### A) UK

In the first instance, contact should be made with our sales office [info-uk@flokk.com](mailto:info-uk@flokk.com) with a brief outline of the claim. Connection will send out a Non-Conformance form and this need to be completed and returned with appropriate supporting imagery. Connection will respond within two working days, confirming if the claim is acceptable and accompanied with a plan of action which may involve the product being collected by Connection or an engineer visiting site. In both cases this will be carried out during normal working hours and the customer must not impede the process in any way. In the event that the claim is rejected, Connection will provide a suggested plan and costs to rectify any defects.

### B) Europe and North America

In the first instance, contact should be made with our sales office [info-uk@flokk.com](mailto:info-uk@flokk.com) with a brief outline of the claim. Connection will send out a Non-Conformance form and this need to be completed and return with appropriate supporting imagery. Connection will respond within two working days, confirming if the claim is acceptable and accompanied with a plan of action. Connection will supply the components/products to rectify/correct and ship to a warehouse designated by the Customer. The Customer is responsible for any duty and the installation of the new components/products and disposal of any unwanted items.

Where sales are transacted on an ex-factory basis, the Customer accepts that the product has left the factory in good condition and any subsequent claims will not be considered by Connection.

## Damages

Any product damaged on delivery must be signed as such on the delivery documentation. If any items should arrive damaged, including water damage, you must sign the carrier's note as "damaged". All damages must be notified to our offices within 48 hours of the delivery. Neither our logistics providers nor ourselves can accept responsibility if we are informed after this time period.

# CSR, sustainability & the environment

In all our core business operations, our aim is to ensure we act ethically and responsibly by adopting best practice within our **Corporate Social Responsibility (CSR)** policy and this is embedded into all our practices to the benefit of all our stakeholders.

We consider these stakeholders to be our employees, shareholders, customers, suppliers and the communities within which we operate.

## We are committed to the following core values:

- To address the needs and aspirations of our employees, whilst considering their health, safety and promoting a good work/life balance
- To minimise the environmental impact of our operations and enhance the sustainability of our products
- To adopt a good relations strategy with our customers and strive to achieve agreed standards of safety and quality
- To ensure we are honest and fair in all our dealings with our suppliers and aim to procure all our goods and services in an ethical manner
- To support our communities by being sensitive to their needs, responsible in our operations and through the adoption of charitable causes

## Product information

We consider the impact upon the environment throughout all of our processes, from the initial design of the product, through its manufacture and delivery, right up to disposal when it has reached the end of its useful life. We calculate and hold data on all our products, detailing use of recycled content and recyclability. This information is compliant with the SKA rating criteria.

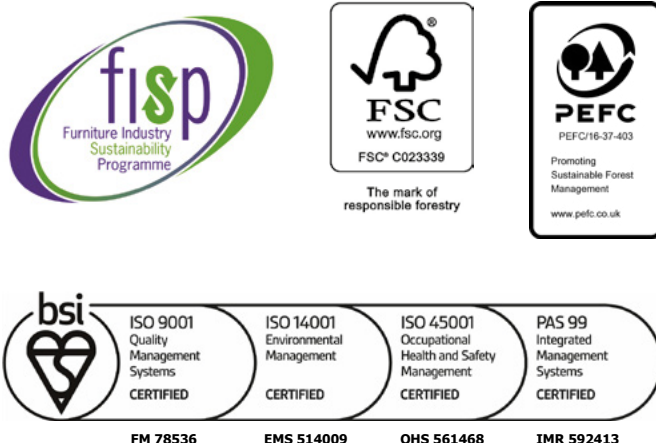

## Carbon balanced printing

Carbon balanced paper is a simple way to reduce the impacts of carbon in the environment. This is where the average carbon impact for paper has been balanced or offset by the World Land Trust, through the preservation of high conservation forests, saving threatened habitats and their biodiversity.

All of our printed materials as a business are now carbon balanced.

## Carbon offset

We are proud to be a carbon neutral business. Our aim is to reduce our impact on the environment and make a positive difference which benefits the planet and all our stakeholders. Our ambition is to become net zero by 2050. We work with Forest Carbon who lead the way in UK woodland creation for carbon capture. Through the planting of over 13 million new trees since 2006, their projects are removing nearly 3 million tonnes of CO<sub>2</sub> from the atmosphere, as well as providing a host of other benefits to society, including flood mitigation, enhanced biodiversity and increased public access. # Export information

Connection is a UK based company, with a brand that has developed overseas. On our website there is a French, German and The Americas section, where you can find details of our representatives in these countries. Additional representatives outside of the UK can be found on our contact page.

Here are brief guidelines on ordering for export:

- All goods are exempt from UK VAT
- The customer is responsible for all import tax duties unless agreed in writing by Connection
- Payment terms are net 30 days from date of invoice. Standard export terms are pro forma payment prior to despatch unless otherwise agreed to by Connection in writing
- Our ordering processes and acknowledgements are standard for exported goods and UK goods
- Prices will be quoted in DKK (Danish Crowns) and are based on ex factory unless otherwise agreed by Connection in writing

## **Delivery**

Connection utilise state of the art logistic systems to facilitate deliveries to our customer's premises.

Our customer services team will advise of an estimated time of arrival once the goods have been collected from Connection for shipment. A confirmed delivery date can only be given once all local import duties have been paid.

**Flokk is a family of design-led brands shaping workspaces where people and organisations thrive.**

From our roots in Scandinavian task seating design, we've grown into a global leader in workspace solutions – creating furniture that supports people wherever and however they work.

The name Flokk comes from the Norwegian word for “group” or “herd”. It reflects our belief that workspaces should bring people together – to focus, collaborate and connect.

We believe great design can do more than look good. It can enhance well-being, enable productivity, and help reduce environmental impact. We work closely with architects, designers, and businesses to shape workspaces where people feel supported, valued, and able to do their best.

Our collection of brands brings this purpose to life – delivering thoughtful, durable solutions for every kind of workspace and every kind of person.

Our growing family includes renowned names such as HÅG, Offecct, Giroflex, RH, Profim, Stylex, 9to5 Seating, Via Seating, Connection, and Malmstolen – each with its own identity, yet united by a shared commitment to design quality.

Headquartered in Oslo, Norway, we have production sites across Europe, North America, and Asia, including Røros (Norway), Nässjö (Sweden), Turek (Poland), Mirfield (UK), Zhongshan (China), Hawthorne (USA), Delanco (USA) and Reno (USA). Our global reach is supported by sales offices in over 15 countries, serving customers in more than 80 markets.

With around 2,000 dedicated employees, we work together to bring better spaces to life and to fulfil our vision; **to inspire great work.**
