**Active sitting.** The innovative giroflex 10 sit-stand stool brings a new healthy dynamic to sitting. Because the iconic and colourful object is not just something for the eye but also for the whole loco-motor system: stand-up seating with the giroflex 10 fosters balance and strengthens the muscles, while relieving the spine and counter-acting poor posture. This enhances physical and mental agility and thus performance – whether at home, in the bistro or at the workplace. In short, everywhere where you work with your head or hands, take a break or relax.

**Aktiv siddestilling.** Den innovative giroflex 10 stå-støttestol bibringer en ny sund dynamik, når du sidder. Den ikoniske og farverige stol er ikke bare noget til øjet men også for hele din krop. Giroflex 10 stå-støttestolen fremmer din balance og styrker musklerne, mens du aflaster rygsøjlen og modvirker dårlig krops-holdning. Dette forbedrer din fysiske smidighed og din ydeevne – hvad enten det er hjemme eller på arbejds-pladsen. Kort sagt kan du slappe af, uanset om du arbejder med dit hoved eller dine hænder.
